Emma Cross

DESIGN MONICA ARMANI

La corolla di un fiore, il colletto di una camicia: le fonti di ispirazione di Emma Cross parlano di un approccio alla progettazione particolarmente libero. Personalizzato da un delicato ricamo al centro della fascia, l'intreccio in tessuto disegna sugli schienali un pattern arioso, che fa respirare le forme avvolgenti della poltroncina e di tutti gli altri elementi della collezione. I colori attingono da una tavolozza impreziosita da tonalità raffinate, in cui il richiamo alla natura si tinge di ricercatezza contemporanea.

The corolla of a flower, the collar of a shirt: the sources of inspiration for the Emma Cross collection speak of a particularly free approach to design. Personalized by a delicate embroidery in the center of the band, the intertwining draws an airy pattern on the backrests, which allows the enveloping shapes of the armchair and all the other elements of the collection to breathe. The colors draw from a palette embellished with refined shades, in which the reference to nature is tinged with contemporary refinement.

Customade

DESIGN ALAIN GILLES

Nel nome l'approccio che ha guidato la progettazione di una collezione di tavoli la cui prerogativa è la capacità di soddisfare esigenze e desideri anche molto diversi tra loro, attraverso la personalizzazione di forme, dimensioni e materiali. Il design trae ispirazione dai Dolmen, monumenti megalitici preistorici, ma parla al presente, adottando un linguaggio progettuale evoluto, i cui vocaboli sono materiali che coniugano brillantemente estetica e prestazioni, ossia alluminio, ceramica e HPL. Customade è proposto in più versioni: rettangolare, sia fisso che allungabile, quadrato e nella variante coffee table, a loro volta disponibili in varie misure.

In the name, the approach that has guided the design of a collection of tables whose prerogative is the ability to satisfy very different needs and desires, through the customization of shapes, sizes and materials. The design draws inspiration from the Dolmen, prehistoric megalithic monument, but speaks to the present, adopting an advanced design language, whose words are materials that brilliantly combine aesthetics and performance, namely aluminum, ceramic and HPL. Customade is available in several versions: rectangular, both fixed and extendable, squared, and in the coffee table variant, which are in turn available in various sizes.

Sunmoon

DESIGN JOSÉ MANUEL FERRERO

Uno spazio da vivere ventiquattr'ore su ventiquattro, dalla mattina alla sera, dal tramonto all'alba, pensato per regalare un'esperienza di comfort totale. Tra i segni distintivi la componibilità, che si traduce nell'adattabilità alle situazioni più diverse attraverso configurazioni molteplici. Contribuiscono a rendere Sunmoon molto versatile l'elegante diaframma di corda che funge da paravento, le tende laterali e la tenda sul top, dotata di un comodo sistema a scorrimento che permette di dosare luce e ombra a seconda dei momenti della giornata. Un ruolo importante è assegnato ai materiali, scelti sia per l'affidabilità sia perché veicolo di valori estetici e sensazioni tattili che accrescono il piacere del relax outdoor.

A space to be lived twenty-four hours a day, from morning to evening, from dusk to dawn, designed to offer an experience of total comfort. Modularity is key, translating into adaptability to the most diverse situations through multiple configurations. The elegant rope diaphragm that acts as a screen, the side curtains and the curtain on the top, equipped with a comfortable sliding system that allows you to dose light and shade according to the time of day, contribute to making Sunmoon very versatile. An important role is assigned to the materials, chosen both for their reliability and as a vehicle of aesthetic values and tactile sensations that increase the pleasure of outdoor relaxation.
